Tuesday 13th March

Tuesday 20th March

A level Summer Term
2018 TBA

Refreshments will be
provided

What is the purpose?

Following the success of the TSST courses run in previous years, we are pleased to offer the course again this academic year. This course is specifically designed to develop the subject knowledge of qualified teachers **who did not train as Mathematics teachers**. It is also suitable for **returning teachers** who need to refresh their subject knowledge. Darrick TSA is offering a series of twilight sessions which will help develop subject knowledge for KS3 and GCSE Mathematics. There will be 6 sessions in each key stage which will deepen the knowledge and understanding of the important areas needed to deliver successful Mathematics lessons. We will also offer additional sessions for teachers of A level. This high quality INSET opportunity will be free to teachers, is supported by London South East Maths Hub and facilitated by teachers who are part of an OFSTED Outstanding Mathematics Faculty.

What are the benefits?

- Schools will extend their staffing capacity through training more Mathematics teachers
- Teachers will improve their skills through good pedagogic practice
- Teachers will become more confident and prepared classroom practitioners
- Teachers will be brought up to date with the latest demands for the reformed Mathematics curriculum at KS3 and KS4

| Key Stage 3 | Key Stage 4 |
|---------------------------------|-------------------------|
| Initial Subject Knowledge Audit | Examination content |
| Transition from KS2 | Intervention strategies |
| Number | Number |
| Shape | Shape |
| Algebra | Algebra |
| Handling data | Handling data |
| Assessment | Assessment |

Programme content—Teachers may book for KS3, KS4 or both
